Best Practice Recommendations

For the Year Ended September 30, 2019
To the Mayor and City Council of the District of Columbia, the Inspector General and the of Directors of the Washington Convention and Sports Authority

In planning and performing our audit of the financial statements of the Washington Convention and Sports Authority (the Authority) as of and for the year ended September 30, 2019, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, we also issued an opinion on the Authority’s compliance with the Excess Cash Calculation (the Calculation) between the Authority and the District of Columbia’s General Fund for the year ended September 30, 2019.

As part of testing of the Calculation for compliance with the terms of the excess cash calculation related to DC Code § 10-1202.13, Transfer of Excess Cash, the Master Trust Agreement between the Authority and The Bank of New York (as Trustee), and a Memorandum of Understanding between the District and the Authority (as amended). In the agreements, they define certain terms used to perform the Calculation; however, some of the terms are not well defined in the agreements and thus require an interpretation as to how it is defined. In our report on the Calculation, we stated the Calculation per the agreements, and the District and Authority management’s interpretation of how the term is defined and should be applied in the Calculation.

Recommendation

We recommend that the agreements be amended to more clearly define each of the terms used in the Calculation and which Authority financial statement accounts and funds are included and excluded from the amounts in the Calculation.
