DANIEL W. LUCAS
INSPECTOR GENERAL

OUR MISSION

We independently audit, inspect, and investigate matters pertaining to the District of Columbia government in order to:

- prevent and detect corruption, mismanagement, waste, fraud, and abuse;
- promote economy, efficiency, effectiveness, and accountability;
- inform stakeholders about issues relating to District programs and operations; and
- recommend and track the implementation of corrective actions.

OUR VISION

We strive to be a world-class Office of the Inspector General that is customer focused and sets the standard for oversight excellence!

OUR VALUES

Accountability: We recognize that our duty extends beyond oversight; it encompasses responsibility. By holding ourselves accountable, we ensure that every action we take contributes to the greater good of the District.

Continuous Improvement: We view challenges not as obstacles, but as opportunities for growth. Our commitment to continuous improvement drives us to evolve, adapt, and enhance our practices.

Excellence: Mediocrity has no place in our lexicon. We strive for excellence in every facet of our work.

Integrity: Our integrity is non-negotiable. We act with honesty, transparency, and unwavering ethics. Upholding the public's trust demands nothing less.

Professionalism: As stewards of oversight, we maintain the utmost professionalism. Our interactions, decisions, and conduct exemplify the dignity of our role.

Transparency: Sunlight is our ally. Transparency illuminates our processes, decisions, and outcomes. By sharing information openly, we empower stakeholders, promote understanding, and reinforce our commitment to accountability.

DISTRICT OF COLUMBIA | OFFICE OF THE INSPECTOR GENERAL

MEMORANDUM

To: The Honorable Muriel Bowser
Mayor of the District of Columbia

The Honorable Phil Mendelson
Chairman, Council of the District of Columbia

From: Daniel W. Lucas
Inspector General 

Date: January 31, 2025

Subject: **457(b) Deferred Compensation Fund Annual Financial Statements**
OIG No. 24-1-22AT

This memorandum transmits the final *457(b) Deferred Compensation Fund Financial Statements and Independent Auditor's Reports* for fiscal year 2024. McConnell Jones, LLP (MJ) provided these reports to the Office of the Inspector General as part of the annual audit of the District of Columbia's general-purpose financial statements for fiscal year 2024. As part of their contract, MJ reviewed the work papers of FS Taylor & Associates, PC (FST), which audited the financial statements of the 457(b) Deferred Compensation Fund to independently determine whether the financial statements are fairly presented.

On December 13, 2024, FST issued its opinion and concluded that the financial statements are presented fairly in all material respects, in accordance with accounting principles generally accepted in the United States of America. FST found no material weaknesses in internal control over financial reporting. MJ concurred with FST's opinion and conclusions.

Should you have questions or concerns, please contact me or Dr. Slemo Warigon, Assistant Inspector General for Audits, at (202) 792-5684.

INDEPENDENT AUDITOR'S REPORT

Government of the District of Columbia

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying statements of fiduciary net position of the Government of the District of Columbia 457(b) Deferred Compensation Plan (the "Plan") as of September 30, 2024 and 2023, and the related statements of changes in fiduciary net position for the years then ended and the related notes to the financial statements, which collectively comprise the basic financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the fiduciary net position of the Plan as of September 30, 2024 and 2023, and the changes in the fiduciary net position for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 10 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and

other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 13, 2024, on our consideration of the Plan's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Plan's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Plan's internal control over financial reporting and compliance.

GOVERNMENT OF THE DISTRICT OF COLUMBIA
457(b) DEFERRED COMPENSATION PLAN
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

The following presents our discussion and analysis of the financial performance of the Government of the District of Columbia 457(b) Deferred Compensation Plan (the "Plan") for the fiscal years ended September 30, 2024 and 2023. This discussion and analysis should be read in conjunction with the financial statements and notes disclosures.

Under the District's Deferred Compensation Act of 1984, D.C. Law 5-118 and D.C. Code Section 47-3601, the Government of the District of Columbia (the "District") offers for eligible employees a qualified employee deferred compensation plan. The Plan enables eligible employees to make tax deferred contributions towards their retirement. The duties of the Plan's Administrator are performed jointly by the District's Office of the Chief Financial Officer, Office of Finance and Treasury and the D.C. Department of Human Resources.

Overview of Financial Statements

The Plan financial statements consist of two basic financial statements: (a) Statement of Fiduciary Net Position and (b) Statement of Changes in Fiduciary Net Position. In addition to the basic financial statements, there are also notes to the financial statements.

- Statement of Fiduciary Net Position presents the Plan's assets, liabilities and net position restricted for participant benefits.
- Statement of Changes in Fiduciary Net Position presents the additions to and deductions from the Plan's net position.
- The notes to the financial statements provide a detailed discussion of key accounting policies and activities that occurred during the year. The notes provide additional information that is essential to a full understanding of the information provided in the financial statements.

2024 Financial Highlights

- Investments increased by \$351,632,936 or 27.68%
- Receivables increased by \$8,172,250 or 19.51%
- Net investment income was \$292,489,490, an increase in net investment income of \$160,844,981 or 122.18%
- Benefits paid to participants increased by \$17,103,251 or 22.87%

2023 Financial Highlights

- Investments increased by \$189,656,713 or 17.55%
- Receivables increased by \$2,918,206 or 7.49%
- Net investment income was \$131,644,509, an increase in net investment income of \$315,067,276 or 171.77%
- Benefits paid to participants increased by \$4,471,208 or 6.36%

Fiscal Year 2024

The Plan’s investments increased by \$351,632,936 or 27.68% from the prior fiscal year. The increase is primarily due to favorable market conditions during the fiscal year and the excess of contributions over benefit payments. For fiscal year 2024, there was a net appreciation in the fair value of investments and an increase in dividends and interest income. Each of the 29 managed investment funds had a positive rate of return in fiscal year 2024.

As shown in **Table 2a - Investment by Fund with Rates of Returns as of September 30, 2024**, a significant portion of the Plan’s investments remain in MissionSquare Plus Fund (17.1%), Vanguard Institutional Index Fund (14.8%), DCPLUS Large Cap Value Portfolio (7.1%), the Ariel Institutional (5.6%) and DCPLUS Large Cap Growth Portfolio (5.1%). The MissionSquare Plus Fund invests primarily in a diversified portfolio of stable value insurance contracts and fixed income securities that back certain stable value investment contracts and seeks to provide preservation of principal and maximize current yield. The Vanguard Institutional Index Fund invests primarily in equity securities of U.S. companies in the Standard & Poor’s 500 Index. The DCPLUS Large Cap Value Portfolio invests primarily in large capitalization common stocks and seeks growth in capital.

Receivables are mainly comprised of notes receivable from participants and contributions receivable. For the fiscal year 2024, receivables increased by \$8,172,250 or 19.51% due to an increase in participant loans and contributions receivable.

The amount “Due to District Government” represents funds owed to the District by the Plan Administrator, which is used towards paying the Plan’s administrative expenses. The Program Manager provides revenue sharing funds to the Plan Administrator monthly. The funding is equal to 5.5 basis points (0.055%) of the Plan’s daily asset value.

Fiscal Year 2024

Employee contributions increased by \$21,638,582 or 16.04% compared to the prior fiscal year. While the number of active Plan participants who made contributions decreased to 24,677 in fiscal year 2024 from 25,075 in fiscal year 2023; the average monthly contributions increased from \$518.66 in fiscal year 2023 to \$537.14 in fiscal year 2024.

In fiscal year 2024, the Plan had net investment income of \$292,489,490 compared to net investment income of \$131,644,509 in fiscal year 2023. The increase in net investment income was primarily due to continued favorable market conditions during fiscal year 2024. Overall, each of the 29 managed funds in the Plan reflected positive rates of return. The Plan's investments collectively had a weighted average positive rate of return of 21.62% in fiscal year 2024 compared to a return of 12.93% in fiscal year 2023.

Benefits paid to participants increased by \$17,103,251 or 22.87%. The increase was due to more participants requesting payouts in fiscal year 2024 compared to fiscal year 2023.

The administrative expenses for fiscal year 2024 were expenses incurred by the Program Manager and Plan Administrator for operations of the Plan. The Program Manager receives an administrative fee of 0.22% (22.0 basis points) of the Plan's daily asset value and reimburses the Plan Administrator at 0.055% (5.5 basis points) of the Plan's daily asset value or \$494,974.

Fiscal Year 2023

Employee contributions increased by \$8,310,165 or 6.57% compared to the prior fiscal year. There was an overall increase in the average number of Plan participants making contributions to the Plan. The number of active Plan participants who made contributions increased from 22,509 in fiscal year 2022 to 25,075 in fiscal year 2023. The average monthly contributions increased from \$492.91 in fiscal year 2022 to \$518.66 in fiscal year 2023.

In fiscal year 2023, the Plan had net investment income of \$131,644,509 compared to a net investment loss of \$183,422,767 in fiscal year 2022. The net investment income was primarily due to favorable market conditions in fiscal year 2023 compared with 2022. Overall, 28 of the 29 managed funds in the Plan reflected positive rates of return in fiscal year 2023 compared to 27 of 29 managed funds with negative rates in fiscal year 2022. The Plan's investments collectively had a weighted average positive rate of return of 12.93% in fiscal year 2023 compared to a negative return of (18.01%) in fiscal year 2022.

Benefits paid to participants increased by \$4,471,208 or 6.36%. The increase was due to more participants requesting payouts in fiscal year 2023 compared to fiscal year 2022.

The administrative expenses for fiscal year 2023 were expenses incurred by the Program Manager and Plan Administrator for operations of the Plan. The Program Manager receives an administrative fee of 0.22% (22.0 basis points) of the Plan's daily asset value and reimburses the Plan Administrator at 0.055% (5.5 basis points) of the Plan's daily asset value or \$458,209.

GOVERNMENT OF THE DISTRICT OF COLUMBIA
457(b) DEFERRED COMPENSATION PLAN
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024 AND 2023

NOTE 1 - DESCRIPTION OF PLAN

The Government of the District of Columbia (the “District”) offers for eligible employees a qualified employee Deferred Compensation Plan (“Plan”) that was established under the District’s 457(b) Deferred Compensation Act of 1984, D.C. Law 5-118 and D.C. Code Section 47-3601. The Plan enables eligible employees to make tax deferred contributions towards their retirement. The Plan’s assets are held in trust by the District for the exclusive benefit of Plan members and their beneficiaries. All District employees of an agency under the personnel authority of the District’s Mayor, a subordinate agency as defined in the Comprehensive Merit Personnel Act of 1978 and an agency not under the personnel authority of the Mayor or an independent agency, but approved by the Mayor, are eligible to participate in the Plan. There are no age and length of service requirements.

Effective January 1, 2009, the blind licensees of the District’s Randolph Sheppard Vending Facility Program became eligible to participate in the Plan. The blind licensees under the Randolph Sheppard Vending Facility Program shall not become an eligible individual until the later of the date (i) such as licensee has been a participant in the program for 13 months or (ii) a year and one month after their licensure date.

Effective October 1, 2017, the District Comprehensive Merit Personnel Act of 1978, Section 2609(b), made by the Fiscal Year 2018 Budget Support Act of 2017 was amended for employees of the Council, the Office of the District Auditor and the Office of Advisory Neighborhood Commissions (collectively, “Agencies”). It provided for mandatory matching contributions for employees of those Agencies participating in the Deferred Compensation Plan (“Plan”) who make a pre-tax contribution or Roth contribution under the Plan for each pay period in an amount equal to one hundred percent (100%) of such employee’s Pre-Tax contributions and Roth contributions made during each such pay period, but not in excess of three percent (3%) of the employee’s base salary during such pay period. Matching contributions are made in the Government of the District of Columbia 401(a) Defined Contribution Plan.

Effective July 7, 2019, the District amended the Deferred Compensation Plan to provide automatic enrollment pursuant to the Deferred Compensation Program Enrollment Amendment Act of 2018. Automatic enrollment means any eligible employee hired on or after July 7, 2019 and any eligible employee rehired on or after July 7, 2019, after having a break in service of three (3) consecutive workdays or more, shall automatically be enrolled in the Deferred Compensation Plan. Contributions shall be no less than 5% of their pre-tax annual base salary upon hire until such automatically enrolled participant makes an affirmative election to defer a different amount or percentage amount (including zero).

NOTE 1 - DESCRIPTION OF PLAN (Continued)

The District's Office the Chief Financial Officer, Office of Finance and Treasury ("OCFO-OFT") and the District of Columbia Department of Human Resources are joint Plan Administrators. They are jointly responsible for adopting the Plan's administration rules and regulations and investment policies and overseeing the duties of the Trustee of the Plan. The Program Manager is responsible for the Plan's record keeping, marketing and enrollment efforts. In 2015, the OCFO-OFT contracted with MissionSquare (formerly ICMA Retirement Corporation (ICMA-RC)) to be the Plan's Program Manager. The Program Manager maintains an account for each participant that is adjusted for contributions, distributions and investment earnings and losses. Participants can contribute to the Plan up to \$23,000 and \$22,500 for 2024 and 2023, respectively, or 100% of the participants' includible compensation. Participants who are at least age 50 can contribute up to \$30,500 and \$30,000 for 2024 and 2023, respectively, to the Plan. Participants who qualify for pre-retirement catch-up contributions can contribute up to \$47,000 for 2024 and \$46,000 for 2023 to the Plan. Participants are vested immediately.

Effective January 1, 2023, the SECURE Act 2.0 increased the threshold age that determines when participants must begin taking a required minimum distribution (RMD) from the plan from age 72 to 73. However, persons who turned 72 in calendar year 2022 must continue to make RMD payments no later than April 1, 2023. Persons who turn 72 in calendar year 2023, do not have to begin taking a RMD until they attain age 73 in 2024, which must be distributed by April 1, 2025. Any person born on June 30, 1949 or earlier, must take a RMD (1) at age 70 ½, or (2) the calendar year in which the participant retires, the participant must annually take a required minimum distribution (RMD).

Loans

Effective October 1, 2011, participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of (1) \$50,000 reduced by the excess (if any) of the highest outstanding balances of loans from the Plan to the participant during the one year period ending on the day before the date on which such loan is made, over the outstanding balance of loans from the Plan to the participant on the date on which such loan was made, or (2) 50% of the present value of the non-refundable accrued benefit of the participant under the Plan.

The loans are secured by the balance in the participant's account and must be repaid over a maximum period of 60 months for general purposes and 180 months for a home purchase. Loans bear interest at a fixed rate equal to the U.S. prime rate for general purpose loans and FHA/VA rate on home purchase loans. The interest rate on general purpose loans was 8.50% at September 30, 2024 and 2023. The interest rate on home purchase loans was 8.50% at September 2024 and 2023.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Plan Membership

At September 30, 2024 and 2023, the Plan’s membership consisted of the following:

	2024	2023
Active Members	24,677	25,075
Inactive Members	13,393	10,200
Total Members	38,070	35,275

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan’s financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB), which requires two basic financial statements: statement of fiduciary net position and statement of changes in fiduciary net position. For financial reporting purposes, the Plan is considered a pension trust fund.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting. Employee contributions are recognized by the Plan at the time compensation is earned by Plan members and the payments become due from the District government. Investment income is recognized when earned. Deductions are recognized when due and payable in accordance with the terms of the Plan.

Investment Valuation

At September 30, 2024 and 2023, the Plan’s investments were in mutual funds, a stable value fund and brokerage accounts. Shares in mutual funds and the brokerage accounts are reported at fair value based on quoted market prices, which represent the net asset value of shares held by the Plan at fiscal year-end. Investments in the stable value fund are presented at contract value, which approximates fair value. Contributions of participants who elect this investment option are combined and held in trust. The Plan has an undivided interest in the trust and its ownership is represented by its proportionate dollar interest.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024 AND 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurements

The Plan categorizes fair value measurements within the fair value hierarchy established by GASB Statement No. 72, *Fair Value Measurement and Application*.

The valuation technique uses a three-level hierarchy of inputs to measure the fair value of the asset and gives the highest priority to unadjusted quoted prices in active markets (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). These classifications are summarized as follows:

Level 1 Inputs: Quoted prices (unadjusted) for identical assets or liabilities in active markets that a reporting entity can access at the measurement date.

Level 2 Inputs: Inputs other than quoted prices included within Level 1 that are observable for an asset or liability, either directly or indirectly.

Level 3 Inputs: Unobservable inputs for an asset or liability.

In the event that inputs used to measure the fair value of an asset or liability fall into different levels in the fair value hierarchy, the overall level of the fair value hierarchy in its entirety is determined based on the lowest level input that is significant to the entire valuation. These levels are not necessarily an indication of risk but are based upon the pricing transparency of the investment.

The fair value of certain investments that do not have a readily determinable fair value is established using net asset value (or its equivalent) as a practical expedient. These investments are not categorized according to the fair value hierarchy.

Notes Receivable from Participants

Loans to participants are recorded at principal less repayments and plus accrued interest. The loan balance reflected in the Statement of Fiduciary Net Position is also adjusted for defaulted loans. If a payment is missed for any reason, the loan is considered delinquent and in arrears. All missed payments should be made by the end of the next calendar quarter. A loan is considered in default and taxed as a “deemed distribution” if missed payments are not made during the applicable grace period. Even after a loan is deemed distributed, loan repayments will continue to be deducted from available compensation until the earlier of when the loan is paid in full, or the maturity date is reached. Employees who leave District employment may continue to repay the loan by making alternative payment arrangements. As of September 30, 2024 and 2023, the total of all defaulted loans was \$2,006,227 and \$2,283,567, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Employee Contributions

Employee contributions are recognized as revenue at the time compensation is earned by Plan members on a specified payroll pay date or when received from other eligible plans.

Payment of Benefits

Benefit payments are recorded as deductions when due for payment.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Tax Status

The Plan is an eligible employee deferred compensation plan under Section 457(b) of the Internal Revenue Code.

Impact of New Accounting Standards

Statement No. 100 of the Governmental Accounting Standards Board, *Accounting Changes and Error Corrections—an amendment of GASB Statement No. 62*. Effective for reporting periods beginning after June 15, 2023, the standard provides enhanced guidance on accounting for and reporting changes in accounting principles, changes in accounting estimates, and corrections of errors. The adoption of GASB Statement No. 100 requires restatement of prior periods, where practicable, for retroactive adjustments resulting from changes in accounting principles or error corrections. This standard also introduces refined disclosure requirements aimed at increasing transparency regarding the nature and financial impact of such changes. The implementation of GASB Statement No.100 did not have a material effect on the current financial statements; however, the required disclosures have been incorporated to ensure compliance with the updated standards. Statement No. 99 of the Governmental Accounting Standards Board, *Omnibus 2022*, addresses a variety of technical corrections, updates, and implementation issues related to prior GASB Statements, The Statement addressed cancellable periods in leases being excluded from the maximum lease term, required disclosure of financial guarantees, reclassification and reporting of derivative instruments, required disclosure of nonmonetary transactions, required disclosure of pledges of future revenues and technical changes to terminology in GASB Statements 53 and 63.

Management has assessed the impact of the implementation of GASB Statement No. 99 on the financial statements and determined that it does not have a material effect on the amounts reported or disclosures presented. The Statement’s provisions were applied in accordance with its effective dates, and there were no significant changes to the Program’s accounting policies or practices as a result of this implementation. The requirements of this Statement are primarily effective for fiscal years beginning after June 15, 2023, and all reporting periods thereafter.

NOTE 3 - INVESTMENTS

Investments of the Plan at September 30, 2024 and 2023 consist of the following:

	<u>2024</u>	<u>2023</u>
Stock and Bond Funds	\$ 1,320,434,305	\$ 976,745,911
Stable Value Fund	278,762,702	278,137,946

Total Investments	<u>\$ 1,622,014,709</u>	<u>\$ 1,270,381,773</u>

The Plan's investments in Registered Investment Companies are stated at fair market value. The stable value fund is valued at contract value, which approximates fair value. The contract value is guaranteed through a related contract with a separate provider. The credited interest rates are reset periodically according to terms set forth in the contract and are actuarially determined.

The Plan's investments are subject to the following risks common to investments:

- *Custodial credit risk* is the risk that the Plan will not be able to recover the value of its investments in the event of a failure by the counterparty to a transaction. Investments are exposed if they are uninsured, are not registered in the name of the Plan and are held by either (a) the counterparty or (b) the counterparty's trust department or agent, but not in the Plan's name. The Plan's investments for fiscal years 2024 and 2023 are partially insured and registered in the Plan's name and are generally segregated by the counterparty in a manner to protect them from certain claims by creditors. The Plan also invests in mutual and commingled trust funds which are not generally exposed to custodial credit risks. The Plan Sponsor performs periodic qualitative assessments of the investment managers and investment strategy to minimize custodial credit risk.
- *Interest rate risk* is the risk that changes in interest rates will adversely affect the fair value of an investment. The Plan manages its exposure to declines in fair values by not offering investments that have excessive average maturities. The following discloses the weighted average maturity for certain mutual funds that include investments in bonds at September 30, 2024.

<u>Investment</u>	<u>Average Maturity</u>
MissionSquare PLUS Fund	3.28 years
DCPLUS Fixed Income Portfolio	5.93 years

NOTE 3 - INVESTMENTS (Continued)

- *Foreign currency risk* is the risk that changes in exchange rates will adversely affect the fair value of an investment in a foreign financial institution. The Plan mitigates this risk by limiting its investments in any one country to no more than the greater of either 25% of the equity portion of the investment account or by the country’s weight in the Europe, Australia and Far East (EAFE) benchmark. In addition, a minimum of eight countries must be represented in each investment account. As a result, the Plan’s currency denomination varies.

At September 30, 2024 and 2023, the investment with the largest foreign currency risk is the Harbor International Fund. The major currency denomination for the Harbor International Fund is the Yen.

- *Credit risk* is the risk that an issuer to an investment will not fulfill its obligations. The Plan does not invest in securities that have an overall quality less than BBB as rated by Moody’s Investors Service, Inc. (“Moody’s”) and S&P Global (“S&P”). There were 14 out of 29 investments that had credit ratings in fiscal year 2024 and 14 out of 29 that had a credit rating in fiscal year 2023. At September 30, 2024 and 2023 those investments and the related credit ratings were as follows:

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024 AND 2023

NOTE 5 - LIFE INSURANCE POLICIES

Prior to fiscal year 2000, the Plan offered participants an investment option to purchase life insurance policies underwritten by life insurance companies. Although the life insurance policies are no longer available to participants as an investment option, participants with existing life insurance policies are permitted to continue their contribution to those policies. As of September 30, 2024 and 2023, the contract values of participants' life insurance policies have been excluded from Plan's assets because the life insurance companies assume the obligations to pay the benefits under the policies. TransAmerica Life and Shenandoah Life Insurance Companies underwrite existing policies. Participants' life insurance contract values for the years ended September 30, 2024 and 2023, totaled \$2,734,493 and \$2,913,223, respectively.

NOTE 6 - PLAN FEES

Fees are charged to participants' accounts for investment management services and administrative expenses of the Plan. The investment management fees vary by investment fund and are calculated based on the fund's daily asset value. For the years ended September 30, 2024 and 2023, investment management fees totaled \$4,288,967 and \$3,303,536, respectively. The Program Manager receives a net administrative fee of 0.165% (16.5 basis points) of the Plan's daily asset value. For the years ended September 30, 2024 and 2023, Program Manager administrative fees totaled \$1,995,275 and \$1,676,009, respectively.

NOTE 7 - DUE TO DISTRICT GOVERNMENT

Per the contract agreement, the Program Manager annually reimburses the Plan Administrator 5.5 basis points. The reimbursement is accumulated in an administrative reimbursement account held by the Program Manager and is used annually by the District to pay for direct administrative expenses incurred and for contributions toward salaries expenses incurred by the District and the Plan Administrator. Additions to and deductions from the administrative reimbursement account are not Plan transactions reflected in the Statements of Changes in Fiduciary Net Position.

After recognizing the basis point reimbursement, interest earnings and payments from the administrative reimbursement account, the balance in the administrative reimbursement account as of September 30, 2024 and 2023 was \$1,840,964 and \$1,285,167, respectively. This is recorded in the Statements of Fiduciary Net Position as "Due to District Government." The amount owed from the Program Manager as of September 30, 2024 and 2023 was \$42,207 and \$31,049, respectively.

NOTE 8 - ADMINISTRATIVE EXPENSES

The Plan does not directly incur administrative expenses. Administrative expenses are incurred by the Plan Administrator and the Program Manager for the operation of the Plan.

The amount recorded as administrative expenses in the Statement of Changes in Fiduciary Net Position of \$494,974 and \$458,209 for fiscal years 2024 and 2023, respectively, represents the Program Manager’s investment expenses allocation towards administrative expenses.

The administrative expenses incurred by the Plan Administrator and reimbursed from the administrative reimbursement account (see Note 7) for the years ended September 30, 2024 and 2023 totaled \$442,556 and \$124,289, respectively, and were as follows:

	2024	2023
Administrative Salaries	\$ 281,794	\$ -
Audit and Compilation Services	116,436	109,789
Investment Consulting Services	44,326	14,500
Total Administrative Expenses	\$ 442,556	\$ 124,289

For fiscal years 2024 and 2023, the Plan assessed \$75 for each new participant loan processed and \$50 per participant for existing loans. Loan fees totaled \$699,897 and \$590,228 in fiscal years 2024 and 2023, respectively.

NOTE 9 - TERMINATED PARTICIPANTS

As of September 30, 2024 and 2023, the Plan had 9,394 and 10,434 terminated participants, respectively, who have account balances in the Plan. The participants are no longer able to contribute to the Plan, but their account balances are adjusted for fees and investment earnings. The value of the account balances as of September 30, 2024 and 2023 totaled \$376,869,901 and \$353,124,278, respectively.

NOTE 10 - PLAN TERMINATION

The District may amend or terminate this Plan provided that such amendment or termination shall not impair the rights of a vested participant or beneficiary to receive any contributions and income earned thereon, allocated to his or her active or inactive account, as the case may be, prior to the date of the termination or amendment of the Plan.

NOTE 11 - RISKS AND UNCERTAINTIES

The Plan invests in investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of fiduciary net position.

NOTE 12 - SUBSEQUENT EVENTS

The Plan evaluated subsequent events through December 13, 2024, the date the financial statements were available to be issued. Events or transactions occurring after September 30, 2024, but prior to December 13, 2024, that provided additional evidence about conditions that existed as of September 30, 2024, have been recognized in the financial statements for the year ended September 30, 2024. Events or transactions that provided evidence about conditions that did not exist as of September 30, 2024 but arose before the financial statements were available to be issued have not been recognized in the financial statements for the year ended September 30, 2024.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

Office of Finance and Treasury
Office of the Chief Financial Officer
Government of the District of Columbia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Government of the District of Columbia 457(b) Deferred Compensation Plan (the “Plan”) as of September 30, 2024, and the related notes to the financial statements, which collectively comprise Plan’s basic financial statements, and have issued our report thereon dated December 13, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Plan’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Plan's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

STATUS OF OF PRIOR-YEAR FINDING
SEPTEMBER 30, 2023**

FINDING 2023-001 – LOAN RECEIVABLES

Type of Finding: Significant deficiency in internal control over financial reporting

Condition: Loan receivables were not recorded at net realizable value and, as a result, were significantly overstated due to the improper inclusion of deemed loan amounts.

Current Year Status

Corrected – During our testing over loan receivables, we noted no variances between the total amount of active loans as reported by Mission Square, the plan recordkeeper, and the amount included in the financial statements.
